June 2020

Dear M.S 172 Families and Students in Grades 6 to 8:

The summer months are a great time to go on a virtual field trip to some of the fun and engaging science websites available. The ones below are linked to some of the great museums in our area. Until you can once again visit them in person, have fun exploring the many games, exhibits and activities available.

We cannot wait to hear about your virtual explorations in September!

Sincerely,

Your M.S 172 Science Teachers
